Products

Cattlelog Product Designer & UI Engineer

Mar 2025 – Present

- Designed and implemented a production-ready design system for a React-based course catalog serving 30,000+ users to ensure parity between Figma specifications and Tailwind CSS configurations.
- Translated design tokens and UI patterns into a library of modular, accessible TypeScript components, establishing coding standards that reduced frontend development time for new features by 30%.
- Improved search efficiency by 25% as measured by reduced session time per course discovery through the redesign of the core search interface and responsive layout transitions.

Fimanu Full Stack Designer & Developer

Jan 2026 – Present

- Architected, designed, and developed a full-stack activity tracking dashboard using React, TypeScript, and Tailwind CSS, enabling users to visualize design productivity through dynamic heatmap visualizations.
- Engineered a secure authentication flow utilizing Figma OAuth and integrated the Figma REST API to fetch and process real-time file metadata and user contribution data.
- Enhanced user insights into design iterations with a 95% success rate in task completion during usability testing.

Spot Product Designer

Feb 2025

- Ideated UI and feature set for Spot, a mapping tool for students to cut time spent searching for open study spaces.
- Led 5 in-depth user interviews and collected 50+ survey responses to inform 4 UI iterations, improving task success and clarity of key flows.
- Created branding, user flows, and hi-fidelity prototypes in Figma within a 24-hour window, contributing to a first-prize win at ProdCon out of 20+ teams.

Experience

Figma Campus Ambassador

Jul 2025 – Present

- Established the inaugural Figma campus presence, spearheading a design outreach initiative to educate 300+ students across 20+ disciplines on design systems and interface principles through interactive workshops.
- Designed and executed a multi-channel marketing strategy for 5 major product launches, resulting in a 40% year-over-year increase in event engagement.
- Authored a standardized Figma onboarding curriculum, contributing to a 10% increase in campus-wide adoption.

Product Space @ UC Davis Vice President of Design

Oct 2025 – Jan 2026

- Designed end-to-end website UI and branding guidelines increasing application click-through by 15% per quarter.
- Produced 15 website-focused launch assets (social media posts, banners, presentation templates) as well as 30 additional graphics, supporting 2 full recruitment campaigns.
- Generated 150,000 Instagram views over a recruitment cycle, converting 10% of views into site visits.

Education

University of California – Davis Design B.A., Computer Engineering B.S.

Sep 2024 – Jun 2027

Design / AI Tools

Figma + Figma MCP,
Antigravity,
Adobe Cloud Suite,
Claude Code,
Google Stitch,
Sketch

Programming

TypeScript,
Git / GitHub,
HTML / CSS / JS,
React / React Native,
Tailwind, Vite,
Python, Java,
C / C++

Awards

Best Overall @ *ProdCon 2026*

Best Design @ *Product Showcase*

Honorable Mention @ *Davis Design Fest*
